BEFORE EXPOSURE TO 0.9 GHz Smart Meter RADIATION

RED BLOOD CELLS:

- \* Continuous, rounded cell walls
- \* Blood cells separate from each other and flowing (i.e., healthy)

AFTER 2 MIN. EXPOSURE TO 0.9 GHz Smart Meter RADIATION

Subject 1:

- \* Blood cell walls ruptured
- \* Mutations (changes)

Subject 2:

- \* Bottlecap formation of the cell walls.

Subject 3:

- \* Rouleaux (red blood cells stacked together)
- \* Blood flow greatly reduced reducing oxygen flow
- \* This person got a headache.

Wi-Fi (2.4 GHz) has now been proven to cause heart rate variability.  
Cell phones have now been proven to cause glioma and acoustic neuroma.

Unplug your Wi-Fi and use WIRED connections! You deserve it!
